Donated by Tailored Landscapes,
Jake & Kristi Sittner

15 one-gallon perennials

Value \$180

“Since the inception of Tailored Landscapes LLC in 2003, we have worked to build our company into one which provides unique and personalized landscapes to set apart your home and office.”

A horticulture degree from the University of Nebraska-Lincoln (with an emphasis in landscape design) provides Jake Sittner with an educational background that helps bring his unique ideas to your living and working spaces.

Kristi Sittner uses her landscaping experience and horticulture degree (with an emphasis in science) to grow new varieties of nursery stock for Tailored Landscapes LLC. Kristi has great vision and creativity when it comes to forecasting popular new plants and putting together annual arrangements in decorative pots, seasonal decorations, and winter arrangements.
